

KINGFISHER

FLE48 - LED POLETOP

A Classic Design with a Modern Twist

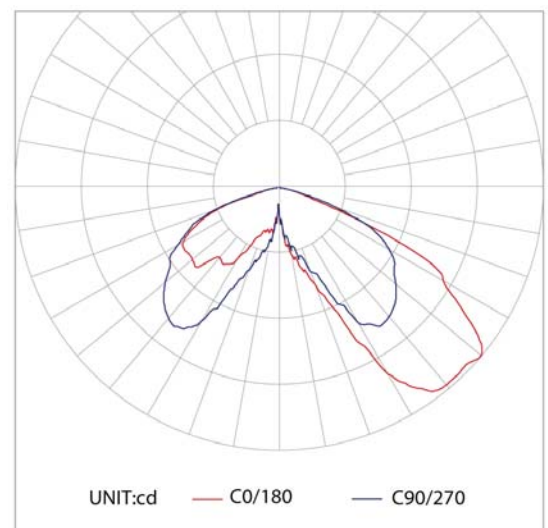

The Kingfisher from Vision Lighting is a beautifully presented poletop luminaire, capturing a mix of modern and historical design.

Standing out from the crowd, the Kingfisher features a quality IP66 and IK10 rated construction of a die-cast aluminum body with tempered glass cover. Quality Cree LED componentry provide a long 50,000 hour life.

The Kingfisher is perfectly suited to a variety of area lighting applications and blends perfectly with both historical and contemporary architecture.
