

IMPALA

PLW1 - ASYMMETRIC RECESSED LUMINAIRE

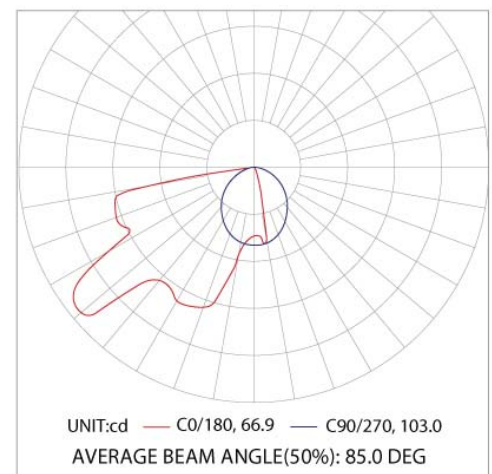

Wall washing is made easy with the Impala asymmetric wall washer from Vision Lighting.

Constructed from a powder coat finished, cold-rolled steel body, the Impala includes a high transmission PMMA opal diffuser for a soft, even light distribution. Incorporating quality LED componentry afford the Impala a long life and high efficiency.

With dimmable options available, the Impala is the perfect lighting compliment to retail, supermarket and office applications.
